

# MyPlace Scenes

Scenes allow you to set your aircon, lights and other items the way that you want them from a single button.

## Master Scenes

All Master scenes except MyEco can be edited from your wall mounted touch screen by pressing the Edit (pencil) button.

## Custom Scenes

MyAir, MyLights and MyPlace share a common scene page where you can customize aircon, lights and other items using the same scene.

### Setting the Scene

Custom Scenes are your user created Scenes and can do the following when run:

#### MyAir

- set your aircon and zones
- turn ON/OFF aircon
- change the temperature, aircon mode & fan speed
- enable/disable zones, motion sensor & FreshAir
- change your MyZone

#### MyPlace

- set your garage door, blinds and other items
- switch ON/UP/OPEN;
- switch OFF/DOWN/CLOSED

#### MyLights

- set dimmable & normal lights
- switch ON/OFF
- change the brightness level

Use your wall mounted touchscreen to add and personalise your scene.

### Events

- set your existing events
- enable and disable events

### Setting the Time

Custom Scenes can be scheduled to run on certain days and time. When a schedule is enabled, the time and days will be displayed on your wall mounted touch screen.

### Creating a Scene

Custom scenes are created by pressing the plus button in your wall mounted touch screen. You can have up to 12 Custom Scenes.

In the popup box, select what you want to include in the scene and then press the add button. (only applicable if you have more than one My tab)

- MyPlace
- MyAir
- MyLights
- Events

See the Scene Editor help page for more info.

### Editing a Scene

Custom Scenes can be edited by pressing the pencil (edit) button.

See the Scene Editor help page for more info.

## Favourite Scenes

Favourite (starred) Scenes appear on the Home screen. You can choose up to 4 favourite scenes. These 4 Scenes can be a mix of Master Scenes and your Custom Scenes.

Set a Favourite Scene by pressing the star icon next to the Scene button.

Tip: When you add a new scene, the scene setup will match how your house is currently set, except for garage door and blinds which are not selected by default.

**Scene Editor**

Full Editing of Scenes can be done on your wall mounted touchscreen.

On your personal devices, you can do the following

- enable/disable scene
- enable/disable MyTime
- edit the time of the day the scene will run, and stop time for Aircon only
